

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2017 Continuum of Care (CoC) Program Competition. For more information see FY 2017 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2017 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2016 Project Application will be imported into the FY 2017 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2016 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2017 CoC Program Competition NOFA.

Additional Information

Now that you have completed Part 1 of the application, please review Parts 2-7, which are in Read Only mode. Screen 3C, which is mandatory for all PH-PSH projects and screens 6D, 7A and 7B which are mandatory for all projects will be editable and must be answered prior to submission.

Once you are done reviewing, you will be guided to a "Submissions without Changes" screen. At this screen if you decide no edits or updates are required to any screens other than the mandatory questions for 3C and/or 6D,7A and 7B, you are allowed to submit the application without ever needing to edit the rest of the application. However, if you determine that changes need to be made to the application, we have given you the ability to open up individual screens for edit, instead of the entire application.

Once you select the screens you want to edit via checkboxes, you will click "Save", and those screens will be available for edit. An important reminder, once you make those selections and click "Save", you cannot uncheck those boxes. You are allowed to select additional boxes even after saving your initial selections. Again, you must click "Save" for those newly selected screens to be available for edit.

If your project is a First Time Renewal, your project will not be able to utilize the "Submit Without Changes" function. The Submissions Without Changes page will be automatically set to "Make Changes" and you will be required to input data into the application for all required fields relevant to the component type.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This Continuum of Care (CoC) program, a Shelter Plus Care Legacy permanent supportive housing renewal project, will continue to provide tenant-based rental assistance based on HUD's eligibility criteria for fourteen (14) individual housing units and eleven (11) family units with an adult member who has a serious mental illness and is homeless in Washington County, Maryland. Additionally, its capacity to serve participants in this project will actually exceed the budgeted number being requested due to planned cost savings. The program is currently serving twenty (20) individual housing units and thirteen (11) family units for a combined total of 31 units -- six (6) more than HUD's funding formula of 25 units for this grant supports. The average length of stay for the program participants who remained in the program (as of the end of June 2017) is 2072 days -- that's the equivalent of over five and a half (5.5) years per program participant. This measure of program participant stability indicates the high success rate in promoting sustainability and self-determination among a group of people who are challenged by severe mental illnesses combined with prior experiences of homelessness.

The CoC project rental assistance is matched by an array of support services. For example, through in-kind match services valued at \$70,105, it will offer participants specialized/individualized case management with linkage to appropriate community supports and resources, connection to entitlements, assistance in accessing community resources such as furniture, food, clothing, transportation, and advocacy. It will also offer ACT (Assertive Community Treatment) mental health services as needed for one of the participants.

The project operates with a commitment to the Housing First model and also an emphasis on serving the chronically homeless. As units in the program turn over, new participants coming into the program are prioritized according to their homeless status, with those meeting the definition of chronically homeless being placed before those who do not.

The homeless population, especially homeless persons with serious mental illness, has increased steadily since the 1970's. In Washington County, Maryland, a recent Point-In-Time survey found there were 233 homeless persons in 2016, an increase in number over the 203 people counted in 2015. While the program's successes in being able to serve a greater number of people than the funding formula at full capacity covers, the need for even more units is high. Washington County is striving to serve a greater percentage of its mentally ill homeless population, with a vision of no person being homeless in the future.
